QUALITY POLICY

Active-PCB Solutions Ltd is a quality conscious company and as such aims to be a highly competitive business within the printed circuit board assembly (PCBA), Test and final product assembly in the manufacturing industry through its technical and commercial excellence. We are a highly-motivated team committed to be a reliable partner for our customers and suppliers.
The directors and management endorse this policy and ensures it is compatible with the context and strategic direction of the Company. Top management in co-ordination with the Quality Management Representative are accountable for the effectiveness of the quality management system and are responsible for ensuring that it is communicated, understood, implemented and maintained at all levels within the Company and ultimately, that it achieves its intended outcomes.

Our 'Quality' is determined by our ability to satisfy customers by delivering products within the specification, cost and scheduling requirements. Through this Quality Policy we are committed to achieving these aims whilst also meeting applicable legal, regulatory, contractual, standards and stakeholder requirements.

Active-PCB Solutions is committed to:

- Continuously revisit and improve our methods of operations and apply them in a systematic and well-managed way to ensure the consistent quality of product.
- Meeting these commitments and achieve optimum efficiency, each person, individually and as a team member, is expected to fulfil his or her responsibilities, as described in the Active-PCB Solutions Quality Management System (QMS).
- Developing, implementing and continuously improving the QMS in-line with the internationally recognised standards EN9100 and ISO 9001. Our approval to these standards is critical for winning new business and keeping key clients, we will continually monitor and measure our quality and QMS performance using inspection, audits and key performance indicators.
- Ensuring the policy commitments and requirements are reviewed annually to ensure continuing suitability.

I am personally involved in leading the implementation of this policy and ensuring its success. The directors and management are likewise committed. We need everyone to join us in this commitment to deliver quality in everything we do.

Signed: Mark Aitken
